INDIAN BATTLE. Captain Callis, who has just arived in this place from Fort Haw. kins, has politely furnished us with

the following important intelligence: About the 6th inst. General lack. on attacked and burnt the Mickasuckee Town, with an inconsiderable toss on his part. The loss of the Indians is not stated. Previous to and after the action, a number of the enemy surrendered themselves prisoners. All their resources (among which were 1000 head of cartle) were aken or destroyed .- The celebrated Prophet Francis, and one of the principal Chieftains were

hanged. General Jackson afterwards proceeded to St. Marks, and took possession of the fortress without opposition .- It is the impression, that this blow has been so decisive, that the war with the Indians is now at an end, and that the Georgia militia will soon return to their homes
